The essence of fluidconcepts™—unique, design-driven, contemporary furnishings for the workplace. Thoughtful experience and leading edge manufacturing techniques combine to form the springboard for our innovative product designs and comprehensive service.

fluidconcepts' products offer creative solutions while still addressing today's realworkplace issues, such as technology accommodation and integration, installation simplicity, modular expansion and reconfiguration, and inventory management. Meeting and exceeding environmental standards is also core to our vision as exhibited in our material use, manufacturing processes, design and engineering practices.

Integral to our vision of providing world class service and support to end users, dealers and designers, fluidconcepts offers a uniquely high level of customization and design tailored to your specific needs. By striving to surpass client expectations from design, to installation, to postoccupancy evaluation...

fluidconcepts consistently brings new meaning to...

...differentiated  
by design.
