## For seating value that really stacks up, Tag is it.

The lecture ran overtime and the reception is scheduled to start in fifteen minutes. No problem. Tag is nimble, Tag is quick. Stack these chairs six-high and roll them in or out on their own custom-fit dolly. Setup or takedown is a breeze, and precision alignment is a snap with easy-to-use ganging brackets. Streamlined and durable, Tag works exceptionally well in high-traffic locations such as reception, lobby, and break areas.
