Practical, yes. Ordinary, no.

Our Timberlane series is flexible, complementing the conference room with the same poise as it does the dining room and private office. The suave appearance attests to craftsmanship you might expect would cost much more. Timberlane is a seating collection that speaks simply of comfort and style. Choose armed or armless models, with backs of gently contoured wood or upholstered in a complementing fabric. Timberlane may look like poetry, but the price is anything but lofty.
